CLARIFICATION – JORC COMPLIANT INFERRED MINERAL RESOURCE

The directors of Global Resources Corporation Limited (ASX: **GRM**) (“Global” or “the Company”) advise that further to the Company’s announcement earlier today regarding its application for four contiguous Exploration Licences referred to as the Mackay Project, the Company has not undertaken sufficient work to independently verify the JORC Compliant Inferred Mineral Resource of 20.56 million tonnes of SOP (K_2SO_4) announced by Reward Minerals Limited on 16 November 2009. Further evaluation work and appropriate studies may be required for the Company to independently verify the JORC Compliant Inferred Mineral Resource.
